### Chromebook Best Practices

- Shut down your Chromebook every couple of days so that it can update; you can also check the Gopher Buddy on your Chrome browser.
- Keep your Chromebook clean and germ-free by using an isopropyl alcohol wipe on your keyboard and screen.
- Don't install extensions and wallpaper (i.e. Custom Cursor); these slow down your Chromebook and can cause glitches.
- Keep your charger in a safe place, away from pets and children.
- Be sure to follow the [Acceptable Use Policy!](#)
- If you have technical issues, contact your building librarian or Technology Teacher (PS - [Janelle Rinker/Joie Petrillo](#); EBH - [Emily Wolf/Velma Kahn](#); HS - [Lynne Blum/Kim Derrenbacher](#))
