

April 8, 2022

Dear Parents, Students and Employees,

The purpose of this letter is to provide a brief update as we begin spring break.

Normal operations resumed on Thursday after the emergency closing on Wednesday. Mr. Greek's condition is unchanged and his family appreciates our continued thoughts and prayers.

COVID-19 numbers at DCSD ticked up slightly this week. We may see an increase after the break when many families return from vacations.

4/8/22	DPS	EBH ES	DHS	District	Totals
COVID-19 Positive Students	2	0	3	NA	5
COVID-19 Positive Employees	1	1	1	0	3

We are aware of rumors and false social media posts about the District placing kitty litter in bathrooms for students who identify as animals. We have no students who have claimed such identifications other than those who call themselves Mustangs. We have not placed kitty litter boxes or stables in any of our facilities. We do like animals, however, and we have an AWESOME therapy dog program! Our therapy dogs are frequently walked outside and we clean up after them diligently.

I hope you have a wonderful spring break and, as always, please call me at 585.335.4000 x 2300 with any questions or thoughts.

Sincerely,

Paul J. Alioto
